

BBM-LL.B Course Structure

The course and credit structure below is intended to achieve the objective of BBM - LL. B through the study of five-year integrated programme, ten semesters, with 59 subjects and 188 credits. The last semester, Semester X, starts with a one-month long orientation workshop and is generally spent outside the law school for internship and clinical purposes under the supervision of assigned faculty members. The Academic Council of the Kathmandu University may revise the course and credit structure on the recommendation of the School of Law Faculty Board led by the Dean. The summary of the course and credit structure is as follows:

Credit Structure	
Basic humanities component	15 Credits
Business management component	51 Credits
General laws	48 Credits
Corporate and Business laws	45 Credits
Research and clinical subjects	29 Credits
Total Subjects	188 Credits

The course structure outlined below is only for general information purposes. Each subject has a prescribed objective, as approved by the Academic Council, and the expert teacher who is assigned to teach sets out the learning goals and success criteria. The syllabus developed for each subject is based on compelling contents and deep learning. The details of the syllabus are periodically revised by the concerned professor in consultation with the Dean of the School of Law.
